The Lil MAC Kids Foundation is a non-profit (501c3) organization formed to assist needy families in Ohio and Minnesota with children diagnosed with Autism Spectrum Disorder (ASD). We are a 100% volunteer organization and with the help of many friends and family members, Lil MAC Kids has been helping families with more than \$100,000 in financial aid.

Our goal of the Lil MAC Kids Foundation is to provide financial assistance to help bridge this gap - but we can't do it alone.

Please join us in our efforts to raise Autism Awareness. With your help, we can make a difference in the life of a child and family that have been affected by ASD
